

30000W Distribution Box

Overview

Energy Efficiency Boost: Cut electricity consumption by up to 30% with this 30000W rated energy saver box designed for 90V-250V input. Optimize power use in homes or offices by stabilizing voltage and reducing waste on single outlet devices. These Distribution Boxes enable decentralized installation of the electronics close to the load. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. High-quality materials and robust product designs ensure a reliable connection, signal transmission and power. For seamless consolidation, distribution, and management of power supply. The platform is characterized by a short time-to-market, high efficiency, modularity and a convincing service concept. Thanks to their platform concept, REDline Power Boxes are ideal for implementing a.
