

4-Optical-8-Electrical Industrial Switches

Overview

Support 4 gigabit optical ports and 8 gigabit electrical ports; Support Ethernet layer 2 protocol required by industrial field to ensure the stability of communication network; This series of switches adopts low power consumption, fanless design, to ensure no. Support 4 gigabit optical ports and 8 gigabit electrical ports; Support Ethernet layer 2 protocol required by industrial field to ensure the stability of communication network; This series of switches adopts low power consumption, fanless design, to ensure no. G1200W-8G-4S-PRO is an industrial grade managed switch series from hasivo, featuring industrial grade performance characteristics and capable of withstanding harsh working environments. The product series is rich and the port configuration is flexible, which can meet the usage needs of various. BL169GMP-SFP is a managed industrial Ethernet PoE switch with 4 Gigabit optical ports and 8 Gigabit PoE electrical ports. It supports Layer 2 protocols to ensure stable network communication.
