

50 kWh Lithium Battery Energy Storage Cabinet

Overview

Equipped with advanced LFP battery technology, this 50kw lithium ion solar battery storage cabinet offers reliable power for various applications, including commercial and industrial energy storage, microgrids, and renewable energy integration. The 50KW 114KWH ESS energy storage system cabinet is a high-performance, compact solution for efficient energy storage and management. Individual pricing for large scale projects and wholesale demands is available. The battery cabinet has 2*50KWH (51. This innovative system offers seamless integration with solar power and provides efficient, reliable. This 50kW/50kWh battery system includes ten LiFePO₄ modules, a 50kW inverter, and a smart EMS/BMS, all housed in a compact IP54 cabinet. It delivers reliable storage for peak load shaving, solar optimization, or backup support.
