

8-core loose tube outdoor optical cable

Overview

High-quality SC-SC single-mode (mono-mode) Loose Tube installation outdoor cable for laying in a tube above- or underground. Black multi-purpose cable with eight cores, rodent protection and pulling aid on both ends. From a length of 100 meters, the fiber optic outdoor cables will be supplied on a. 8 Core GYTC8S Fiber Optic Cable Armor Stranded Loose Tube Steel Wire Strength Waterproof Figure 8 Self Supporting Outdoor GYTC8S is a typical self supporting outdoor fiber optic cable, suitable for aerial applications; The cable have nice moisture resistance performance and crush resistance. Corning ALTOS® figure-8 gel-free cables are self-supporting aerial cables designed for easy and economical one-step installation. The loose tube design provides stable performance over a wide temperature range and is compatible with any telecommunications-grade optical fiber. Water-blocking material is added between the metallic strength member and loose. The coated optical fiber is protected by loose tube; With steel stranded wire as messenger wire, and figure 8 cross section.
