

ATxt Distribution Box

Overview

ATEX Distribution Box is a compact, Ex-certified power solution for hazardous environments. Rated 16A at 24V with dual flush sockets, it's built for Zone 1 & Zone 21 operations. Its GRP enclosure ensures durability, while IP66 protection guarantees reliability in demanding. This unit is ATEX & IECEx certified, supporting global safety standards for explosive gas and dust atmospheres. Available in 24V, 110V, and 220V configurations, it features IP66 protection, option. The standard enclosure consists of black, antistatic material. Other colours without. A distribution box is a low-voltage electrical enclosure that receives incoming power and distributes it safely to multiple outgoing circuits through protective and switching devices such as MCBs, RCDs, RCBOs, fuses, isolators, busbars, neutral bars, earth bars, and surge protective devices. We stock both source and drain variants, which come with a lid as.
