

Aggregation Switch 10G Three-Year Warranty

Summary of Content

The MS410-16-HW Cloud Managed Aggregation Switch offers 16 x 10G SFP+ ports with advanced Layer 3 features and a three-year ACE warranty for enterprise-grade reliability.

Key Features

High-Speed Connectivity: The MS410-16-HW provides 16 x 10G SFP+ ports, ideal for high-performance network aggregation in data centers or enterprise environments, ensuring fast and reliable connections . **Layer 3 Capabilities:** It supports static routing, OSPF, and warm spare redundancy, enabling efficient traffic management and high availability across complex networks . **Cloud Management:** Centralized control and real-time monitoring are available through a cloud dashboard, simplifying network administration and troubleshooting . **Rack-Mountable Design:** The switch is designed for standard 19-inch racks, making it suitable for scalable deployments in enterprise or campus networks . **Scalability:** Supports stacking of up to 128 switches, allowing seamless network expansion as organizational needs grow . **Security Features:** Includes Access Control Lists (ACLs), 802.1X authentication, and integrated firewall capabilities, ensuring secure and reliable network operations . **Warranty:** The ACE 3-Year Warranty provides maintenance support and peace of mind, covering hardware issues and ensuring long-term reliability .
