

Algerian direct fusion optical cable terminal box manufacturer

Summary of Content

Key manufacturers in Algeria include Polaris, Alief, REAL FIB, CATEL, and COFITEL, offering optical terminal boxes and related fiber optic solutions.

Polaris

Polaris is a vertically integrated Algerian manufacturer of fiber optics, producing ITU-T compliant optical infrastructure for telecommunications and data centers. They control the entire production process from fiber drawing to cable assembly, ensuring quality and supply chain transparency. Polaris provides products suitable for national telecom networks and enterprise infrastructure, and their facilities are ISO 9001 certified .

Alief

Alief specializes in optical distribution and terminal boxes for FTTH applications. Their product range includes outdoor and indoor boxes with capacities from 4 to 48 ports, made from plastic or metal. These boxes are designed for cable connection, distribution, and fiber management, supporting microcable access networks .

REAL FIB

EURL REAL FIB offers fiber optic network implementation services, including cable blowing, fusion splicing, and civil engineering for network deployment. They provide terminal boxes and junction boxes for fiber optic cables, along with installation, testing, and maintenance services. REAL FIB focuses on both outdoor and indoor applications and ensures proper protection and performance of fiber networks .
