

Argentina Bridge

Overview

This is a list of bridges and viaducts in Argentina, including those for pedestrians and vehicular traffic. This table presents the structures with spans greater than 100 metres (330 ft) (non-exhaustive list). "International Database for Civil and Structural Engineering". The Puente de la Mujer (Spanish for " Woman's Bridge ") is a rotating footbridge for Dock 3 of the Puerto Madero commercial district of Buenos Aires, Argentina. It is of the cantilever spar cable-stayed bridge type and is also a swing bridge, but somewhat unusual in its asymmetrical arrangement. The bridge design is quite futuristic. The Argentinienbrücke (Elbferry) stop is located in the southern Hamburg harbor on the Elbe island of Wilhelmsburg.
