

Australian Fiber Optic Attenuator Companies

Summary of Content

Key Australian suppliers of fiber optic attenuators include FS Australia, AFW Technologies, Optical Solutions Australia, and Norden Communications.

FS Australia

FS Australia offers fixed and variable optical attenuators with attenuation ranges from 0 to 60 dB, designed for WDM transmission systems. Their products ensure consistent and stable fiber attenuation, suitable for a variety of optical networking applications .

AFW Technologies

AFW Technologies provides variable optical attenuators (VOAs) with adjustable attenuation from 0.8 to 30 dB. Their attenuators are compatible with multiple connector types, including FC/UPC, FC/APC, SC/UPC, SC/APC, and LC, and can be supplied with SMF28e or Hi1060 fiber. They offer both in-line and fiber-coupled attenuators, catering to single or dual wavelength applications .

Optical Solutions Australia (OSA)

OSA specializes in comprehensive optical networking solutions, including fiber optic cabling, attenuators, and test equipment. They provide high-performance components for both small-scale and enterprise networks, emphasizing reliability, scalability, and future-proofing. OSA also offers fusion splicers, enclosures, and powered fiber solutions, supporting long-distance data and power transmission over fiber .

Article Content

Fiber Optic Attenuators – HeighTech Safety Australia

Supplier of height safety products Australia. Our store has height safety equipment, harnesses, fall arrest, davits, rescue kits, roofers

Fixed Fibre Optic Attenuators

Optical Solutions Australia is a trade-only distributor. Register your business to unlock full access to pricing and detailed product

Fibre Optic Attenuators & Connectors | element14 Australia

Buy Fibre Optic Attenuators & Connectors. element14 Australia offers fast quotes, same day dispatch, fast delivery, wide inventory,

Australian Fibre Optic & Copper Solutions | Fibre Optic Systems

Innovative Fibre Optic Solutions & Copper Connectivity for Australian Networks Fibre Optic Systems (FOS) is a well-established

Optical Attenuators

Optical Attenuators Fibre coupled variable attenuator (VOA) The VOA is a fiber coupled device that is easy to work with any

Attenuators and Passive Optical Devices and Connectors

View Attenuators in the Passive Optical Devices and Connectors product range at AusOptic.

Fiber Optic Attenuator Manufacturers

The leading Fiber Optic Attenuator Manufacturers in Australia are listed in this directory. You can narrow down the list of

Get Fast Service & Low Prices on Fiber Optic

Fibre Optic Attenuators are used for reducing the power of the light in the fibre-optic network. We cater for

Fibre Optic Supplier Australia | Anderson Corporation

Trusted fibre optic supplier in Australia since 1988. Anderson Corporation provides cables, SFPs, test equipment & connectivity

Fibre Optic Attenuators | element14 Australia

Buy Fibre Optic Attenuators. element14 Australia offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets &

Top 10 Fiber Optic Manufacturers Serving Australia in 2025

This blog dives deep into the **top 10 fiber optic manufacturers serving Australia in 2025**, highlighting companies

Diamond Optics

Hier sollte eine Beschreibung angezeigt werden, diese Seite lässt dies jedoch nicht zu.

Fiber Optic Attenuators | Optoelectronics | DigiKey

Shop DigiKey's large in-stock selection of Fiber Optic Attenuators. View inventory, pricing and order now for same day shipping!

Optical Attenuators

Fibre coupled attenuators are available with SMF28e fiber or Hi1060 fiber and are jacketed with 900um loose tube or 3mm tubing. In

Welcome to Rojone

Rojone is an Australian leader in the manufacturer and supply of communication components specialising

Fiber Optic Attenuator

Fiber Optic Attenuator - Fiber Optic Attenuator KSM provides a complete range of fiber optic attenuators, typically Dual Window,

Fiber Optic Attenuator

Wavelengths are available in Dual Window 1310nm/1550nm and full spectrum attenuators for CWDM and DWDM 1250nm to

About Fibre Optic Systems | Australian Fibre Optic Experts

Fibre Optic Systems (FOS) is part of the global Hexatronic Group, and FOS has been operating out of Melbourne, Australia, for 25

AFW Technologies

AFW offers a complete line of fiber optic components mainly designed for optical network, telecommunication, laser, imaging and

FIBRE ATTENUATORS Manufacturer & Supplier in Australia

Buy FIBRE ATTENUATORS in Australia at the best price from Norden for a quality purchase.

Optical Attenuators

The VOA is a fiber coupled device that is easy to work with any application. It features low insertion loss, a wide attenuation range, a

FIBRE ATTENUATORS Manufacturer & Supplier in Australia

Norden Fibre Optic Attenuators are designed to control and stabilize optical power levels, protecting sensitive equipment and

Australian Fibre Optic & Copper Solutions | Fibre Optic Systems

FOS is Australia's trusted manufacturer of optical fibre & copper solutions—delivering innovation, quality, and fast turnaround.

Fibre Attenuators | Optical Attenuators | 4Cabling

Our Fibre Optical Attenuators are used to reduce the strength of a Fibre Optic signal. A fibre optics attenuator is a passive device

Fiber Optic Attenuators | Suppliers | Photonics Buyers' Guide ...

A fiber optic attenuator is a passive optical component designed to attenuate or decrease the intensity of an optical signal traveling

Attenuators Archives

Rackmount Fibre Optic Splitters SKU: Rackmount Fibre Optic Splitters View Product Layer 1

Fibre Attenuators | Optical Attenuators | 4Cabling

Discover 4Cabling's full range of Fibre Optic Attenuators, Optical Attenuators in SC and LC Connectors as well as Singlemode

FOCA – The Fibre Optic Company of Australia

The Fibre Optic Company of Australia focus on innovative designs and cohesive, streamlined solutions.

Fibre Optic Attenuators

Conclusion Fibre optic attenuators play a crucial role in maintaining signal integrity in optical networks. Whether used temporarily for
