

Australian Stainless Steel Cable Tray Production Equipment

Summary of Content

Australia produces a range of stainless steel cable trays through specialized manufacturers like EzyStrut and Burndy, offering durable, corrosion-resistant solutions for industrial and commercial applications.

Key Manufacturers and Suppliers

- EzyStrut is a leading manufacturer of cable trays in Australia, offering CT perforated cable trays made from stainless steel, pre-galvanised steel, hot-dip galvanised steel, or aluminium for specialized applications. Their trays feature 20 mm return sides for enhanced strength and are suitable for both commercial and industrial installations .
- Burndy Cable Support Systems produces stainless steel cable trays on a made-to-order basis, with minimum batch quantities and firm order requirements. Their products are designed for durability and precision, with installation accessories like M6 pan screws and flanged nuts .
- Legrand Australia and Axelent also provide cable management solutions, including stainless steel trays, often integrated with safety and machine guarding systems for industrial environments .

Types of Stainless Steel Cable Trays

- Ladder Trays: Feature horizontal side rails connected by rungs, providing strong support and easy access for cable installation and maintenance .
- Wire Mesh or Basket Trays: Constructed from wire mesh panels, offering excellent ventilation and flexibility for cable entry and exit .
