Summary of Content

Bangladesh offers a range of flame-retardant fiber optic cables through local manufacturers and suppliers, suitable for safe and reliable telecommunications and data networks.

Local Manufacturers and Suppliers

OCC Cables Limited is a leading optical fiber cable manufacturer in Bangladesh, using fourth-generation German technology to produce high-quality, reliable cables. Their products are widely used by ISPs and CATV providers, and the company emphasizes safety and zero-defect production standards, which can include flame-retardant specifications for certain applications (OCC Cables Limited), . ABS Cables Ltd. also manufactures optical fiber cables with advanced German machinery. They focus on quality, reliability, and safety, ensuring that their fiber optic products meet international standards. ABS Cables has experience in producing cables suitable for high-performance internet and telecommunication networks, which can include flame-retardant variants (ABS Cables Ltd.), . Poly Cables has been operating since 1996 and supplies a wide range of cables, including optical fiber. They maintain ISO 9001:2015 certification and a strong domestic distribution network, making them a reliable source for flame-retardant fiber optic cables in Bangladesh (Poly Cables), . Fiber Optic Network Solutions Bangladesh Ltd. (FONSBD) is an authorized dealer for Fujikura optical fiber products. They provide outdoor and armored fiber optic cables with high durability, UV resistance, and moisture protection. Many of these cables are designed for safe operation in complex environments, which can include flame-retardant properties for industrial and long-distance network applications (FONSBD), .
