

Cable tray display board price

Summary of Content

Cable tray display boards range from approximately \$15 to \$76 depending on type, material, and purchase volume.

Pricing Overview

- **B2C Market (Retail/Consumer):** Cable tray display boards for home or office use are typically priced between \$15 and \$34. These are often under-desk wire organizers or small modular trays designed for easy installation and aesthetic appeal. Wholesale prices for small-scale purchases can be as low as \$0.92 per unit, with potential markups of 300–400% for sellers (Accio) .
- **B2B Market (Industrial/Commercial):** For bulk or industrial applications, prices vary widely from \$0.80 to over \$76 per unit, depending on material (steel, stainless steel, aluminum), size, and customization. Bulk purchases through platforms like Alibaba offer lower per-unit costs and higher ROI due to volume sales (Accio) .

Factors Affecting Price

- **Material:** Stainless steel (SS 304) and galvanized steel trays are more expensive than aluminum or plastic options due to durability and corrosion resistance (Ekabel24) .
- **Design:** Perforated trays, wire mesh trays, and cable ladders differ in load capacity and ventilation, influencing cost (Ekabel24) .
- **Size and Load Capacity:** Larger trays or those designed for heavy power cables cost more.
