

Can cable tray prices be customized

Summary of Content

Customized cable tray prices vary widely based on material, type, size, and application, ranging from \$0.80 to over \$76 per unit for industrial-grade trays.

Overview of Cable Tray Pricing

Cable tray costs depend on material, design, dimensions, and customization requirements. Common materials include stainless steel, aluminum, FRP (fiber-reinforced plastic), and galvanized steel. Prices also vary by type, such as ladder-type, perforated, solid-bottom, wire mesh, or large-span trays .

B2B vs B2C Pricing

- B2B (Industrial/Commercial): Prices range from \$0.80 to over \$76 per unit, depending on size, material, and bulk order volume. These trays are durable, suitable for factories, data centers, and infrastructure projects, and often require a larger initial investment .
- B2C (Home/Office): Smaller trays for personal or office use cost \$15-\$34, with wholesale prices as low as \$0.92. These are typically under-desk or compact solutions with easy installation features like no-drill clamps .

Material-Specific Pricing

- Stainless Steel (304/316 grades): Premium trays with high corrosion resistance and fire safety compliance. Prices vary by width (50mm-900mm) and depth, with additional costs for modular systems, adjustable brackets, and specialized accessories .
