

Center-Bundle Optical Cable

Overview

Optical Fiber Type—Optional single mode, multimode or single mode multimode combination. Description—Center optical fiber loose tube structure, phosphating steel wire armour, PE outer sheath. Laying method—Piping installation or non self-supporting Aerial. Application—Inter. Shanghai Aipu Waton Electronic Industries Co. is a high-tech enterprise, who provides full solutions for Extra Low Voltage Copper Wires and Cables, Optic Fiber Cable, Structured Cabling System. Products include but not limited to Cat5e Cables, Cat6 Cables, Cat6a Cables, Cat3 Cables, Multi-pair. Kaitron Center Bundle Tube Armoured Fiber Optic Cable GYXTW-8B1 is engineered for robust outdoor fiber optic communication, offering excellent mechanical protection and reliable data transmission. The tube is filled with a water-resistant filling compound. Two parallel steel wires. Network Cable, Network Jumper Wire, Power Distribution Unit, Power Cord Cable, Network Module, Registered Jack Basic Info. Available Based on Small Po Quantity. Precise control on the residual length of the optic fiber, ensures the fiber has good tension resistance. GYXTW is designed specifically for outdoor use, featuring a central strength member and supporting up to 24 fiber bundles, making it suitable for various applications, from telecommunications to security systems.
