

# Columbia fiber optic cable splicing price

## Overview

For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. Fiber optic splicing costs vary widely depending on project size, location, fiber type, and site conditions. Main cost drivers include cable grade (indoor vs outdoor, armoured), distance, and labor for trenching, splicing, and termination. This guide presents ranges in USD and practical price estimates to help. Buyers typically pay a wide range for fiber optic repair, driven by splice complexity, cable length, site access, and required certifications. Splicing Services - Enclosure Prep. 00 per Enclosure Point Travel/Mobilization - Travel/Mobilization will not be charged if the labor for each trip/phase exceeds the minimum labor work as indicated below. If the minimum labor work figured is not met, then. Idk if that's usual but the ranges are : 1-24 splices 25-72 73-144 144+ Guys that are paid similar to this scale, how much should I be getting paid per range?

Thanks I usually bill T&M, but it works out to about \$175-250 for setup/teardown per site and \$4-7 per fiber for prep in a new tray in an.
