

Contact information for fireproofing and sealing cable trays

Summary of Content

You can contact AF Systems, Flamro, Wolman (KBS), and CSD Sealing Systems for fireproofing and sealing solutions for cable trays.

AF Systems

AF Systems offers AF BAGS, intumescent and ablative fireproof pillows certified under EN 1366-3 for sealing cable tray penetrations up to EI 240. These are suitable for walls, floors, and sandwich structures, and can accommodate cables up to 21 mm in diameter. For inquiries or technical support, you can call +39 0298879353 or fill out their contact form on the AF Systems website . Website: [AF Systems](#)

Flamro

Flamro provides FLAMMOTECT-A coatings and DG-CR 0.7 fire protection tapes for cable systems in high-rise buildings, industrial facilities, hospitals, airports, and power stations. Their solutions prevent flame propagation and maintain cable functionality during fire. For questions regarding fire protection solutions for cables and cable trays, Flamro encourages direct contact through their website. Website: [Flamro Fire Protection](#)

Wolman (KBS)
