

Corner guards for distribution boxes

Overview

Corner and edge protectors are designed to stabilize pallet loads, reinforce cartons, and prevent damage caused by strapping, stretch film, or handling during transit. They distribute pressure evenly across edges, reducing crushing and shifting. Corner protectors (also called corner guards) are rigid protective pieces that go on the vertical edges of a load—typically on the outside corners of boxes, cartons, or stacked product. Not because the. That's why distribution center corner guards (aka corner protectors) are one of the cheapest, highest-ROI “insurance policies” you can add to your shipping and storage program. Available in any size or thickness, with custom printing, and sold by the pallet at prices up to 40% of what national competitors charge. Huge Catalog! Over 45,000 products in stock. Manufactured from compressed recycled cardboard, these versatile. Shipping Box Corner Protectors (60-Pc Set) Plastic Packaging Edge Protectors, Carton Packing Corner Guard Frame Corner Protectors 60 Type Handcraft Packaging Protector for Express Box Packaging.
