

Distribution Box Fixed Mounting Pole

Overview

Steel electrical distribution box, mounted with door, to be installed on poles, columns or masts with a diameter of 150 to 370 mm, with metal flanges included. 2 mm thick steel case painted in gray. Door with rubber seal throughout the profile to ensure IP65 level tightness. The range of applications extends from pure energy distribution in buildings to building automation and through to industrial plants. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. View Details Pole-mounted enclosure solutions from Polycase are waterproof, weatherproof, and corrosion-resistant. Best for: Residential buildings, offices, retail spaces, small industrial units Built from durable steel or aluminum for superior mechanical strength and environmental resistance. Best. They can be used immediately and can be extended as needed. For fast and flexible mounting, the FIX distribution blocks have various adapters for DIN rail and direct mounting. Certifications: Mandatory for target markets: CE for Europe, UL for North America, RoHS for.
