

Distribution box awp

Summary of Content

AW-Tools distribution boxes are surface-mounted electrical enclosures with IP40 protection, designed for modular installation of electrical components.

AW-Tools Distribution Boxes

AW-Tools offers high-quality surface-mounted distribution boxes suitable for industrial and residential applications. Key features include:

- Module capacity: Options for 8 or 12 modules per row, with single-row configurations available .
- Dimensions: Common sizes include 210 x 180 x 95 mm for 8-module boxes and 275 x 225 x 95 mm for 12-module boxes .
- Material: White ABS base with a white or tinted PC door, providing durability and visibility of internal components .
- Protection: IP40 rating, offering protection against solid objects larger than 1 mm but not water ingress .
- Temperature range: Heat resistant from -15 °C to +60 °C, with flame resistance up to 960 ° .
- Accessories included: DIN mounting rail, earth and neutral rails, self-adhesive labeling fields, screw covers, and module cover sheets .
- Installation: Wall-mounted, with reversible door opening direction. All electrical connections must be performed by a certified electrician . These boxes are suitable for organizing circuit breakers, fuses, and other modular electrical components in a compact, secure enclosure.
