

Dutch Cable Tray Factory Source

Summary of Content

Several reputable cable tray manufacturers operate in the Netherlands, including CC Nederland B.V., Staalbouw Dijkstra, and Jeetmull Jaichandlall (P) Ltd., offering stainless steel, aluminum, and custom solutions.

Key Manufacturers

CC Nederland B.V. specializes in high-quality stainless steel cable trays (AISI 304) with excellent corrosion resistance and durability. They offer standard lengths of 3000 mm, widths from 25 mm to 600 mm, and heights from 25 mm to 125 mm, with custom dimensions available on request. Their patented locking trays provide secure fastening while allowing easy access for maintenance, making them suitable for industrial and commercial applications. Staalbouw Dijkstra produces and supplies cable trays in various materials including aluminum, stainless steel (RVS), Sigmaweld, and steel. They offer fast delivery across the Netherlands and provide custom solutions tailored to specific project requirements. Jeetmull Jaichandlall (P) Ltd. operates a manufacturing facility in the Netherlands, producing stainless steel cable trays in multiple sizes, shapes, and configurations. Their products are designed for durability, heavy load resistance, and versatility across industries such as construction, agriculture, mining, automotive, and architecture.

Additional Industry Players

The Niedax Group, with its Dutch subsidiary Gouda Holland B.V., is part of a global network providing steel, aluminum, PVC, and GRP cable management systems. They offer full-service solutions including planning, technical consulting, and installation support for complex industrial and energy projects.
