

Fiber Optic Cable Peripherals

Overview

Fiber accessories are essential components that support the installation, maintenance, and management of fiber optic cable networks. Multiplexers, media converters, fiber adapters, PCI cards, and much more Fiber and copper patch cables, direct attach cables, and dual OEM cables Built on decades of experience serving Fortune 500 enterprises and more, AddOn delivers connectivity that simply works. In addition to numerous fiber cable types, we offer a wide range of fiber optic components, such as fiber optic connectors, fiber pigtails, splice. A fiber optic connector is a mechanical device used to align and join optical fibers, enabling light to pass through with minimal loss. They come in different types, primarily single-mode and multi-mode, each designed for specific applications.
