

Fiber Optic Cable Skylight Installation Price List

Summary of Content

Fiber optic cable installation costs for skylight or ceiling applications typically range from \$0.80 to \$7.00 per foot, depending on cable type, installation method, and project complexity.

Cost Components

1. Cable Materials

- Single-mode fiber: \$0.10–\$1.00 per foot, lower cost for indoor runs, higher for pre-terminated or armored cables .
- Multimode fiber (OM3/OM4/OM5): ~25% higher than single-mode, \$0.30–\$1.25 per foot .
- Armored or reinforced cables: \$0.50–\$5.00 per foot, required for harsh environments or direct burial .
- Connectors, patch panels, adapters: \$0.50–\$2.00 per termination, depending on type and strand count .

2. Labor and Installation

- Indoor plenum/ceiling (skylight) runs: \$0.80–\$1.70 per foot, includes fire-rated pathways, splicing, and basic testing .
- Open trench (lawn/field): \$0.90–\$1.80 per foot .
- Directional boring (road or driveway crossings): \$3.00–\$7.00 per foot, avoids surface disruption .
- Aerial installation (utility poles): \$1.20–\$2.50 per foot, may require permits .
