

Fiber Optic Fusion Splicing Equipment Kit Manufacturer

Summary of Content

Leading manufacturers of fiber optic fusion splicing equipment kits include Fujikura, GAOtek, and distributors like Fiber Optic Center, offering a range of splicers, cleavers, and accessories for telecom, data center, and R&D applications.

Key Manufacturers and Suppliers

Fujikura Ltd. Fujikura is a globally recognized manufacturer of high-quality fusion splicers with over 40 years of experience . They offer:

- Core alignment splicers for high precision and performance
- Cladding alignment splicers for portability
- Mass fusion splicers (4-core and 16-core) for FTTH and data center applications
- Equipment compatible with special fibers, including polarization-maintaining, thin-diameter, large-diameter, and multi-core fibers
- Bluetooth-enabled splicers for enhanced workflow and automatic mechanisms to improve efficiency and reduce splice loss Fujikura also provides training and aftersales support through a global network of distributors . GAOtek Inc. GAOtek manufactures a wide range of fiber fusion splicers suitable for fieldwork and backbone installations . Their products include:
- Single-core and multi-core splicers with fast splicing times (6–8 seconds)
- Automatic core alignment and high-precision arc fusion technology

Article Content

Fusion Splicers and Accessories

We are renowned for innovative, high-quality fusion splicing equipment. Our splicers are used everywhere, from labs in the world's

Fiber Optic Splicing

Fiber Optic Center has fiber optic splicing equipment, including splicers, cleavers, protection sleeves, mechanical splicing tools and

Fiber Optic Splicing Equipment

Fiber Instrument Sales has a wide variety of fiber optic splicing equipment such as fusion splicers from AFL, Sumitomo, FITELE, and

Splice-on-Connector Tool-Kit | AFL Global

Fujikura Splicing Equipment is manufactured and supported at the highest caliber for the benefit of our customers and their need to

Fiber Optic Splicing Equipment

Browse our complete product line for cable assembly production, services, additional fiber applications and specialty applications, by

Fiber Optic Splicers & Accessories

Light Brigade has partnered with leading manufacturers of fiber optic splice equipment, including Sumitomo, AFL Fujikura, and OFS

Splicing Machine | Fiber Fusion Splicer | Fiber Optics

GAO Tek carries a variety of fiber splicing machines designed for everyday field use by technicians needing a reliable fiber optic

Mass Fusion Splicer 100R Kit series

The Mass Fusion Splicer 100R Kit series can splice optical fibers with up to 16 fiber ribbon at one time, making it ideal for projects

Fusion Splicers | Telecommunication Systems Business Unit

We offer a range of equipment necessary for splice various special optical fibers, including polarization-maintaining fibers such as

Fusion Splicers and Splicing Solutions | AFL Global

AFL Fusion Splicers provide you with the precision and reliability you need to splice your fibers. We offer a wide range of fusion
