

Fiber Optic Socket Panel for Low Voltage Distribution Box

Overview

Compact and flame-resistant 2 Ports Fiber Optic Socket Panel for FTTH applications. Easy to install with push-cover design and supports custom logo printing. Company Introduction: Qingdao Sunet Technologies Co. The 2 Ports Fiber Optic Socket Panel is a premium-quality. This mini Fiber Optic Socket Panel fiber optic termination box is used for splicing and termination between indoor fiber optic cable and pigtails with SC or LC duplex type. It is typically installed inside the subscriber's home or building, close to the central distribution point provided by the broadband service. Streamline your network termination with our premium Fiber Optic Wall Sockets and FTTH Outlets. Engineered for reliability and ease of use, these indoor optical faceplates provide secure fiber management and seamless connectivity for residential and commercial broadband deployments.
