

Fiber Optic Switch SN2248

Overview

Huawei OceanStor SNS2248 is a scalable 48-port Fibre Channel SAN switch supporting 2, 4, 8 and 16 Gbit/s operation. It is suitable for CT-16G-SFP+LR when longwave single-mode 16G FC connectivity is required. CloudEngine 12800 series switches use an advanced hardware architecture design, providing as much as 178Tbit/s (scalable to 1032 Tbps) switching capacity and has up to 576*100GE, 576*40GE, 2,304*25GE, or 2,304*10GE line-rate ports. networks and high-end campus networks. At Carritech Optics, we are committed to an open approach, intelligent design principles.
