

Fiber Optic Terminal Box Factory

Summary of Content

Leading fiber optic terminal box manufacturers provide high-quality, IP-rated enclosures for FTTx, 5G, and data center networks, offering OEM/ODM solutions and global delivery.

Key Manufacturers and Capabilities

1. OTRANS specializes in wall-mounted fiber optic terminal boxes (FTB) made from high-quality ABS+PC plastic, ensuring durability and UV resistance for indoor and outdoor use. Their products support PLC splitters (1:4, 1:8), offer IP55/IP65 protection, and include integrated splice trays and cable routing organizers to maintain a minimum bending radius of 30mm. OTRANS emphasizes easy installation and efficient cable management for telecommunications cabinets, computer rooms, and cross-connection environments .
2. Fibermint is a China-based manufacturer of fiber optic splice closures, distribution boxes, and terminal boxes. They provide OEM/ODM solutions with factory-direct pricing and on-time delivery. Fibermint products are designed for 50G PON networks, pre-terminated solutions, and AI-integrated smart ODN systems, supporting global telecom operators and system integrators .
3. Topfiberbox has been producing fiber optic products since 2014, including FTTH terminal boxes, fiber distribution boxes, patch panels, and pigtails. Their factory uses advanced equipment and strict quality and environmental management systems. Topfiberbox emphasizes long-life warranties, professional testing, and comprehensive solutions for FTTx networks, helping reduce project costs without compromising quality .
