

Fiber optic terminal box packaging price

Summary of Content

Fiber optic terminal box prices vary widely, typically ranging from \$10 to \$100 per unit depending on type, port capacity, and material.

Price Overview

Fiber optic terminal boxes (FTB) are available in various configurations, including wall-mounted, pole-mounted, indoor, and outdoor models. Prices are influenced by:

- Port capacity: Common models include 2-port, 12-port, and 16-port boxes, with higher port counts generally costing more .
- Material: Boxes made from flame-retardant PC or ABS, or cold-rolled steel with plastic coating, affect durability and price .
- Type and installation: Wall-mounted boxes are usually less expensive than outdoor pole-mounted or weatherproof models .
- Bulk or wholesale orders: Purchasing in bulk from manufacturers or distributors, especially from China, can significantly reduce per-unit cost .

Typical Price Ranges

- Small indoor boxes (2-6 ports): Approximately \$10-\$25 per unit.
- Medium boxes (12-16 ports): Around \$25-\$60 per unit.
- Large or outdoor boxes (24 ports or more, weatherproof): Can range from \$60-\$100 or higher, depending on features and material .

Additional Considerations
