

French company specializing in custom-made explosion-proof lighting distribution boxes

Overview

AGENA is a premier provider of high-performance explosion-proof equipment and components. We specialize in delivering safety-critical solutions designed to operate reliably in the world's most hazardous industrial environments. We design and manufacture a wide range of explosion proof (flameproof / ATEX) products including enclosures, control cabinets, junction boxes, switches, sensors, control stations, motor starters, isolators and many other accessories. Whatever your wiring requirements, whatever corrosive conditions or extremes of weather your electrical system is exposed to, we have the enclosures and junction boxes you need for ATEX, IEC and IECEx. Atexor's team specializes in designing and manufacturing IECEx, ATEX and UKEX lighting for Explosion Hazardous Areas. In addition to ready-made products, we create custom designed solutions to meet specific customer requirements.
