

Hook-type fiber optic cable hoisting tool

Overview

● FTTH hook is designed to tension or suspension drop wire clamps or FTTH anchor clamps with appropriate cable messenger or without it, in outdoor FTTH solutions. ● FTTH drop cable fitting is easy in installation, and requires no preparation of optical cable clamp before. Fujian Gui Comm-Tech stocks a wide range of fiber-related and other high technology items. Like many companies that thrive over a number of years, we have carved out several areas of specialization and expertise for which we are known as the industry leader. Many catalog items can be purchased from. Efficient and Labor-saving --- This high-altitude optical cable hook can greatly improve the working efficiency, under the same working environment, the working efficiency is 5 times more than the traditional manual hooking, which greatly reduces the working intensity of workers. Widely used. A decision-ready category guide for engineers and procurement teams selecting reliable FTTH drop cable fixing parts and FTTX aerial ADSS suspension/tension hardware—optimized for cost control, installation speed, and long-term maintainability. Combined output on our mainstream plastic clamp lines reaches one million pieces per month, with dedicated stamping and injection tooling supporting.
