

How much does Swiss mesh cable tray wholesale cost

Summary of Content

Wholesale prices for wire mesh cable trays typically range from \$0.80 to \$76 per unit, depending on material, size, and bulk order volume.

Pricing Overview

For B2B bulk purchases, such as those from Alibaba or verified manufacturers, prices are significantly lower than retail, reflecting large-volume orders and direct factory sourcing. Wire mesh cable trays made from materials like galvanized iron, mild steel, stainless steel (SS 304/316), or aluminum are available in widths from 50 mm to 600 mm and thicknesses from 0.8 mm to 2.5 mm, which influence the cost .

- Low-end wholesale: Around \$0.80 per unit for smaller, standard trays suitable for light-duty applications .
- Mid-range: \$10-\$30 per unit for medium-sized trays with better load capacity or corrosion-resistant finishes .
- High-end: Up to \$76 per unit for premium stainless steel trays or custom configurations designed for industrial or data center use .

Factors Affecting Price

- Material: Stainless steel trays are more expensive than galvanized iron or aluminum due to durability and corrosion resistance .
- Size and Load Capacity: Wider trays or those with thicker mesh support heavier cable loads, increasing cost .
