

How much does a Bhutanese wire mesh cable tray cost

Summary of Content

The cost of a meter of wire mesh cable tray in Bhutan typically ranges from \$1 to \$10 per meter, depending on material, coating, and supplier.

Wire mesh cable trays are considered a cost-effective solution for routing lightweight cables, such as data and fiber optic lines, and are widely used in offices, IT infrastructure, and data centers in Bhutan . They are generally made from steel or aluminum, often recyclable, and require minimal maintenance, which reduces long-term costs .

Price Range and Factors

- **Standard pricing:** Globally, wire mesh trays range from \$0.98 to \$10 per meter, with higher costs for stainless steel (SS304/SS316) or powder-coated variants .
- **Material impact:** Galvanized steel is common and affordable, aluminum is lightweight and corrosion-resistant but slightly more expensive, and stainless steel is the most costly .
- **Local suppliers:** In Bhutan, companies like Jeetmull Jaichandlall are among the top suppliers, offering competitive pricing and global service .

Additional Considerations

- **Bulk orders:** Purchasing in larger quantities can reduce the per-meter cost.
- **Installation:** Wire mesh trays are easy to install, which can save labor costs compared to ladder or conduit systems .
