Summary of Content

Cable management racks in Benin typically range from \$50 to \$300 or more per unit, depending on material, size, and load capacity.

Pricing Overview

The cost of a cable management rack in Benin varies based on several factors:

- **Material:** Steel racks, especially galvanized or powder-coated, are more expensive but durable and suitable for industrial or outdoor use. Aluminum racks are lighter and corrosion-resistant, while plastic (ABS or polycarbonate) racks are cheaper but less robust .
- **Size and Load Capacity:** Larger racks or those designed to support heavy power cables and fiber bundles cost more. Light-duty racks for data or telecom cables are generally less expensive .

International suppliers like Alibaba offer a wide range of cable managers, but shipping and import duties may increase the total cost .

Estimated Price Ranges

- **Small/light-duty racks:** \$50–\$100 per unit, suitable for office or low-density data cabling.
