

How much does an Irish galvanized ladder cable tray cost

Summary of Content

Galvanized ladder cable trays in Ireland typically cost between €25 and €60 per 3-metre section, depending on size, load rating, and supplier.

Pricing Overview

The cost of a galvanized ladder cable tray in Ireland varies based on width, load capacity, and length. For example, a 50mm light-duty galvanized tray like the Unitrunk L50, which comes in a 3-metre length, is commonly priced in the lower end of the range, around €25–€35 per section. Wider or heavy-duty trays designed for industrial applications can cost €50–€60 or more per 3-metre section. Prices may also vary slightly between suppliers such as Eurosales, Electrical Wholesaler Ireland, Dwyers Electrical, and National Electrical Wholesalers.

Factors Affecting Cost

- Tray Width: Wider trays accommodate more cables and are more expensive.
- Load Rating: Heavy-duty trays designed for industrial or high-capacity installations cost more than light-duty trays.
- Length: Standard sections are usually 3 metres; custom lengths may increase cost.
- Supplier and Delivery: Prices can vary depending on the supplier, bulk purchase discounts, and delivery charges.

Where to Buy

- Eurosales: Offers light-duty galvanized trays with swaged ends for easy coupling.
