

Huawei Industrial-Grade Optical Switch

Overview

Huawei CloudEngine S5735I-S-V2 series industrial switches (DIN rail-mounted) are next-generation industrial switches that provide flexible all-gigabit access and GE/10GE uplinks. They stand out with an industrial-grade operating temperature range to withstand harsh outdoor cabinet environments. Its security and performance capability make this energy-efficient device suitable for industrial scenarios, such as power distribution suppliers, mines, oil and gas. Comprehensive analysis of Huawei's revolutionary optical switch innovations for 2025, including data center all-optical switching, silicon photonics integration, quantum-compatible switches, and 5G-Advanced network solutions. The year 2025 marks a pivotal year for Huawei's optical switching.
