

Huijue New Cable Tray

Overview

The Corrugated Base Energy-Saving Cable Tray enhances strength using structural reinforcement principles, allowing reduced plate thickness without compromising load capacity. This saves material, lowers cost, and supports energy conservation and emission reduction. Studies show technicians waste 19% of their time tracing misplaced cables – equivalent to \$42,000 annual loss per rack. Could this explain why 73% of IT managers rank cable organization as their top infrastructure headache?

Unmanaged cables create three operational nightmares: electromagnetic. Founded in 2002, Huijue Group is a high-tech service provider integrating intelligent energy storage equipment and computer intelligent network communication system integration and application. Founded in 2002, Huijue Group is. Huijue Group headquarters is located in Shanghai free trade zone lingang new area, has six wholly owned subsidiary, in Jiangsu Haian and Shanghai Fengpu production base and research and development center, the total area of 100000 square meters, more than one thousand employees. As the professional custom cable tray manufacturer, Taian JINHENG Electric Co.
