

Huijue outdoor cabinet high temperature

Overview

Outdoor energy storage cabinet HJ-SG-C type: This series of products has built-in PCS, EMS, on-grid switching unit, power distribution unit, temperature control system, BMS system, fire protection system, anti-surge device, etc. Cabinet design, easy to transport. Note: Specifications are subject to. Outdoor smart energy cabinet HJ-SG-R type: container machine room, large capacity, modular design, this series of products. It can integrate photovoltaic, wind clean energy, energy storage battery, configure 6U integrated hybrid power system, and output DC48V (configured with remote control). The HJ-G50-112F is a highly efficient and integrated outdoor cabinet energy storage system. The system adopts modular air-cooled architecture, with a rated AC output power of 50kW and a total capacity of 112kWh, supporting grid-connected operation. An outdoor enclosure cabinet serves as the primary protection interface between environmental exposure. 20+ years focused on outdoor cabinet R&D, production, and sales one-stop service provider Multiple invention patents and utility model patents, national innovation projects Awarded "China Science and Technology Private Enterprise Innovation Award" What Is a Photoelectric Integrated Box (Optical & Outdoor Cabinet Liquid Cooling Energy Storage System: The high-performance energy storage product is designed by the Huijue Group to meet the needs of industries and commerce. It independently controls every single battery cabinet to extend flexible capacity, shave peaks, fill in valleys, and back.
