

Indoor Optical Cable Factory for Transportation

Summary of Content

Several Chinese manufacturers, including CCOFC, ZTO Cable, and Futong Group, produce high-quality indoor optical cables suitable for transportation networks, offering robust performance, safety certifications, and large-scale production capacity.

Key Manufacturers and Products

1. Guangdong Changcheng Communication Technology Co., Ltd. (CCOFC)

- Specializes in indoor and outdoor optical cables, including drop cables and ADSS cables.
- Applications include telecommunications, railways, power systems, and intelligent transportation.
- Holds ISO9001, ISO14001, and ISO45001 certifications, ensuring compliance with international standards.
- Products are designed for harsh conditions and have been supplied to over 100 countries, supporting large-scale transportation projects.

2. ZTO Cable

- Offers indoor fiber optic cables engineered for building networks, data centers, and FTTH connections.

- Features flame-retardant LSZH jackets for safe indoor installation.
- Cable types include tight buffered, breakout, and distribution cables with low transmission attenuation and excellent mechanical properties.
