

Industrial High Temperature Resistant 48-Port Switch

Overview

Hardened Layer 2 managed switch ICS-G4804X features up to 48 Gigabit UTP ports and 4 10G SFP+ slots for centralized and mission-critical applications, fanless design, long MTBF and isolated redundant power supply requirements, and certified by multiple industry-level standards . Hardened Layer 2 managed switch ICS-G4804X features up to 48 Gigabit UTP ports and 4 10G SFP+ slots for centralized and mission-critical applications, fanless design, long MTBF and isolated redundant power supply requirements, and certified by multiple industry-level standards . The FR-9T4648 48 port Industrial Ethernet Switch is a top-of-the-line product that truly embodies the rugged and reliable nature of industrial equipment. Designed with a focus on durability, this switch features a shell that follows the design standards of industrial products and adopts a 19-inch. 48x GbE RJ45 + 4x 1G/2. 5G/10G SFP+ Managed Rackmount Switch | CTC Union is committed to delivering reliable, temperature-resistant, and rugged industrial networking solutions designed for harsh environments. Our comprehensive product portfolio includes L3/L2 Managed Switches, PoE solutions, and. Elevate your industrial operations with an AI-ready, rugged network that offers peak performance, high resilience, advanced security—and that smoothly integrates IT proficiencies into to operational technology (OT) environments. They provide continuous uptime, manageability, and operational efficiency. With flexible PoE options of IEEE 802. 3bt. CloudEngine S6750-H series 10GE switches are Huawei's next-generation enterprise-class switches designed for core and aggregation layers, with 48 × 10GE downlink optical ports and. number of network automation and plug-and-play operational features, including ZTP and event scripts, automatic. Rugged, easy-to-deploy switches that are certified to be reliable even in extreme environments. Endurance certifications for vibration, shock, and fr...

Article Content

Industrial 10G Switch | Industrial & Telecom Network Equipment ...

CTC Union offers a full spectrum of products, including Industrial 10G Switch, Industrial Ethernet, PoE, EN50155 and E-Mark certified

Industrial Ethernet Switches | Phoenix Contact

Industrial unmanaged switches from Phoenix Contact feature variable numbers of ports and a narrow design. We provide

Durable Industrial Switches

The DIS switches are designed to easily handle hot and cold temperature variances,* and can cold start at their coldest

FR-9T4648 | Fiberroad Technology

Maximize your connectivity with our industrial-grade 48-port Industrial Ethernet switch. Engineered to thrive in even the harshest

Industrial Ethernet Switches with 8/16/24 Ports for Harsh

FS Industrial Ethernet Switches with robust design for harsh industrial and outdoor environments subject to vibrations, shocks and

RCS7450-48 Rugged Switch

Field tested, failsafe and long life performance in extreme conditions. These 15.5" depth units are based on the Ruckus® ICX® 7450

48 ports network switch, 48 ports ethernet switch

Find your 48 ports network switch easily amongst the 71 products from the leading brands (Zhejiang Dahua Technology, Huawei,

Industrial Ethernet Switches

Built for space-constrained locations and machine integrations, these compact and secure switches offer full GE ports, flexible port

Industrial Switches (ISW) | Extreme Networks

Extreme Industrial Switches are a family of ruggedized Layer 2 switches designed to operate under harsh environments and
