

Is the Ghana fiber optic cable factory a state-owned enterprise

Overview

The Volta River Authority (VRA) built the first commercial terrestrial fibre optic cable in Ghana. It is currently owned by GRIDCO Limited, a power distribution company. It offers an overview of Specified Entities (SEs), including State-Owned. Spectrum Fibre Limited (SFL) is a Special Purpose Vehicle (SPV) established through a strategic partnership between Broadspectrum Limited, a wholly Ghanaian-owned limited liability company, and the Ghana Infrastructure Investment Fund (GIIF), a sovereign wealth fund of the Republic of Ghana. Whether you're a citizen, investor, or stakeholder, this transparency hub empowers you to understand and engage with Ghana's state interests. All Mobile Network Operators own their terrestrial fibre network within regional capitals and rely extensively on the GRIDCO. An entity information search is a process of searching and retrieving information about a specific entity, such as a business, company, partnership firm, professional body, individual, from the ORC database. This search can provide valuable information about the entity's: The 2020 Report is based on 132 SEs in total, made up of 47 SOEs, 17 JVCs, 54 OSEs and 14 Minority Interests.
