

# Italian fiber optic patch cord manufacturers

## Summary of Content

GETEKnet and Tratos are among the leading Italian manufacturers of fiber optic patch cords, offering standard, drop cable, and MPO solutions for FTTH, telecom, and data center applications.

### Key Manufacturers

GETEKnet specializes in OEM fiber optic patch cords, providing a full range of products from standard patch cords to customized designs. Their offerings include simplex and duplex cords, single-mode and multimode fibers, and drop cable patch cords for FTTH networks. These cords are pre-terminated with connectors such as SC/APC, LC/APC, SC/UPC, or LC/UPC, enabling plug-and-play installation. GETEKnet also offers customization in length, jacket material (PVC or LSZH), and fiber type (G.652D, G.657A1/A2), suitable for indoor and outdoor use with UV resistance and bend-insensitive fibers. Tratos is an experienced international manufacturer of optical fiber cables, producing Step Index single-mode and Graded Index multimode fibers. They supply Telecom Italia and manufacture cables ranging from 1 to over 2,000 fibers in loose tube, ribbon, slotted ribbon, and hybrid copper-fiber configurations. Tratos cables are designed for FTTH, aerial, underground, and indoor distribution, with LFH and CPR-compliant constructions for safety and performance.

### Other Notable Italian Manufacturers

- Fibernet: Focuses on innovative fiber optic solutions and FTTH network installation equipment.
