

Japanese Household Electrical Distribution Box Model List

Summary of Content

Japanese household electrical distribution boxes are offered by leading manufacturers such as Nitto Kogyo, Kokubu Electric, Daihen, Kawamura Electric, and Hitachi, with models designed for safety, seismic resistance, and compatibility with modern residential power systems.

Major Manufacturers and Product Lines

1. Nitto Kogyo Corporation Nitto Kogyo provides a wide range of residential distribution boards suitable for all-electric homes, PV systems, household fuel cells, and battery storage. Their boards feature seismic circuit breakers, steel mounting plates, and optional extension units for added functionality. Accessories like renewal plates are available to conceal marks from electrical work. These boards are designed for easy operation and abnormality noticeability while blending aesthetically into home interiors . 2. Kokubu Electric Corp Kokubu Electric offers metal-enclosed switchgear for residential and public buildings, compliant with the JIS C 62271-200 standard. Their product lineup includes:

- CB models: High-voltage AC circuit breaker as the main shutoff device.
