

KVM Switch 2 Inputs 1 Output 60Hz Self-operated

Overview

[2 PC 1 Monitor KVM Switch] 8K 60Hz DisplayPort KVM Switch allows 2 computer devices to share 3 USB-A ports and 1 USB-C port and 1 monitor. You can easily switch sources from keyboard, mouse, external hard drive and video signals between the two devices. This 2 in 1 out HDMI KVM keeps the desktop tidy and improves work efficiency. NOTE: This product only supports laptops with USB-C ports for input, desktop computers cannot. Control multiple computers with one keyboard, mouse, and monitor using our recommended KVM switches, with setup guides, troubleshooting tips, and security considerations for work and home office environments. 4 standard and. The ClimatePartner certified product label confirms that a product meets the requirements for the five steps in climate action including calculating carbon footprints, setting reduction targets, implementing reductions, financing climate projects and communicating transparently to continuously.
