

# Latest Venezuelan Anti-corrosion Cable Tray Prices Inquiry

## Summary of Content

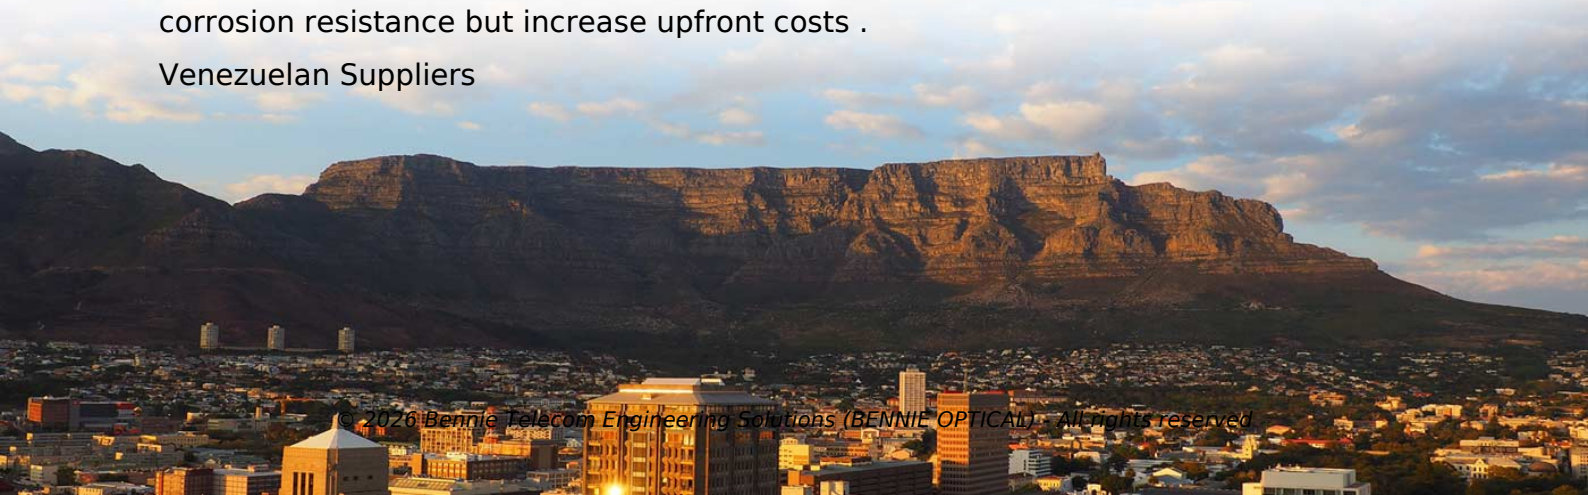

Anti-corrosion cable trays in Venezuela typically range from \$2 to \$25 per meter depending on material, type, and coating, with stainless steel and HDG options at the higher end.

### Price Overview

Cable tray prices vary based on material, coating, size, and type. In general:

- Galvanized steel trays are the most common, offering a balance of durability and cost, typically \$5-\$15 per meter.
- Stainless steel trays provide superior corrosion resistance, ideal for harsh environments, costing \$15-\$25 per meter.
- Aluminum trays are lightweight and rust-proof, slightly more expensive than steel, around \$12-\$20 per meter.
- Plastic trays are budget-friendly (\$2-\$8 per meter) but not suitable for heavy-duty applications. The type of tray also affects cost: ladder trays are more expensive due to higher load capacity, while wire mesh or perforated trays are cheaper and easier to install. Coatings such as hot-dip galvanization (HDG) or powder coating enhance corrosion resistance but increase upfront costs.
