

Malta optical module housing manufacturer

Summary of Content

Class Optical and Lightmax SL are key companies in Malta involved in optical components and module manufacturing.

Class Optical

Class Optical is a leading Maltese company with over 40 years of experience in the optical industry, supplying opticians, pharmacies, and medical facilities across Malta and Gozo . While primarily focused on ophthalmic equipment and optical instruments, their laboratory capabilities and expertise in precision optics make them a potential partner for optical module housing and assembly projects. They also have experience in exporting and collaborating with partners for specialized optical solutions .

Lightmax SL

Lightmax SL, founded in 2007, specializes in manufacturing and supplying products for passive optical fiber networks . Their expertise includes optical components and assemblies, which may encompass optical module housings for telecommunications and fiber-optic applications. They are positioned to provide both prototyping and series production for optical modules.

Additional Options

Other companies listed in B2B directories, such as ALL-IN OPTICS, offer services in optical design, prototyping, and series production of optics, including plastic optics . These companies can support the development of custom optical module housings and related components.
