

Model of Israeli Indoor Electrical Distribution Box

Summary of Content

Israeli indoor electrical distribution boxes are available from manufacturers like Arco Inbar, Schneider Electric Israel, Keming Electrical, and Transpro, offering a range of low-voltage, fiberglass, and metal enclosures compliant with IEC and local standards.

Key Manufacturers and Models

1. Arco Inbar FGI Cabinets

- Designed for low-voltage junction and distribution applications with DIN43629 double insulation performance.
- Constructed from Fiberglass Reinforced Polyester (FRP) SMC, providing mechanical strength, corrosion resistance, UV protection, and fire retardancy (VDE 0304, UL-94-VO).
- IP ratings: IP65 with gasket, IP43 without gasket.

• Features include standard ventilation, transparent polycarbonate door windows, and compatibility with DIN standard bases, wall, or pole mounting . 2. Schneider Electric Israel Enclosures

- Offers stainless steel and insulating enclosures suitable for indoor distribution.
- Ready-to-use solutions with accessories for modular installation and electrical component protection . 3. Keming Electrical Low-Voltage Cabinets

• IEC-compliant and CE-certified cabinets engineered for Israel's climate, including coastal humidity and desert heat.
