

Monaco Metal Cable Tray Price List

Summary of Content

Monaco metal cable trays typically range from \$2 to \$50 per meter depending on material, type, and finish.

Price Ranges by Material

- Steel trays are the most common and cost-effective, generally \$10-\$30 per meter for standard pre-galvanized or powder-coated options .
- Stainless steel trays offer superior corrosion resistance and durability, with prices often higher than steel, typically \$20-\$50 per meter depending on thickness and finish .
- Aluminum trays are lightweight and rust-proof but more expensive, usually \$20-\$50 per meter, and may reduce installation costs due to lighter support requirements .
- Wire mesh or basket trays are the most affordable metal option, ideal for lightweight cabling, and can save 15-40% compared to ladder-style trays .

Cost Factors

- Coating and Finish: Hot-dip galvanized (HDG) trays are more expensive than pre-galvanized (PG) trays but offer better outdoor durability. Powder coating adds protection and color options .
- Tray Size and Thickness: Wider or thicker trays increase material costs but may reduce the number of trays needed for heavy cabling .
- Order Quantity: Bulk orders can reduce per-meter costs by 20-40% .
