

New Zealand Fiber Optic Junction Box Company

Summary of Content

Key suppliers of fibre optic junction boxes in New Zealand include OplinX, Cable-Ways, Dynamix, and ATG, offering a range of indoor/outdoor enclosures, cabinets, and network solutions.

OplinX New Zealand Limited

OplinX specializes in high-quality fibre optic cabling products for data and telecommunications markets. They supply pre-terminated fibre optic cables, cable assemblies, and test and measurement equipment. OplinX partners with leading electrical wholesale suppliers in New Zealand and focuses on personalized, reliable service. Their product range includes ITU G.651, G.652d, G.657a/b, and composite fibre, along with fusion splicers and other cabling tools, making them a strong choice for both commercial and large-scale network projects (OplinX) .

Cable-Ways NZ

Cable-Ways offers fibre optic cabinets and Chorus fibre box solutions suitable for both residential and commercial applications. Their double-door fibre optic cabinets support 288-576 terminations and can house both fibre and copper terminations, as well as media conversion equipment like VDSL2. These cabinets are durable, weatherproof, and designed for New Zealand conditions, making them ideal for schools, rural areas, and large-scale telecom setups. The Chorus Fibre Box ensures fast, secure, and stable internet connectivity for homes and businesses (Cable-Ways)
