

New type of indoor optical cable junction box

Overview

It is used as a termination point for the drop cable to connect with pigtail cable access to ONT in FTTH indoor application. Dust-proof design with IP-45 Protection level. Industrial ABS PBT-V0 flame. The IP65 rated fiber optic termination boxes, such as compact 8-port models, excel in both indoor and outdoor settings by shielding connections from dust and water. The use of adapter slots eliminates the need for screws. Fiber distribution box is suitable for the wiring connection of optical cable and optical communication equipment, through the adapter in the wiring box, the optical jumper leads the optical signal, and realizes the optical wiring function. OTRANS strives to provide you with professional, reliable. JUNG has now added the appropriate data wall boxes for fibre optic technology to its portfolio. Designed for all types of cables and microducts.
