

# Nigerian Power Fiber Optic Cable Factory

## Overview

Commissioned by President Bola Ahmed Tinubu, the facility can produce up to nine million kilometres of fibre optic cables annually and process about 13,000 tons of copper and aluminum each month. Coleman Technical Industries Limited, Nigerian wires and cables manufacturer, has launched a 9 million kilometers Fibre Optic cable factory in Sagamu, Ogun state. The event, which also doubled as the 50th anniversary of the firm, brought together government officials, industry leaders and. The Federal Government has inaugurated Coleman Industries Ltd's new fibre optic cable manufacturing factory in Sagamu, Ogun State, with an annual production capacity of over nine million kilometres of fibre and a reinforced plastic production line. This milestone marks a major leap in local manufacturing capability and reaffirms Nigeria's commitment to technological self-reliance.
