Multi-mode OM4 fiber with a.

Navigator Nordic delivers optical transceivers, components and data center solutions for the Nordic market, with expert support, fast service and lifetime warranty. FS offers OM4 multimode fibre patch leads & cables 50/125 with bend insensitive fibre design that support 40G/100G cablings. 100% end-face, 3D interferometer, IL&RL tested. Tightly buffered in a flexible, black, indoor/outdoor, water & UV resistant, jacket and comes pre-terminated with ceramic ferrule LC and SC connectors (clips provided). Similar to OM3, OM4 is used for data transmission over short distances, but it offers higher bandwidth and longer transmission distances.
